The Power of Critical Thinking 5th Edition Custom Vaughn,2016-07-28

The Power of Critical Thinking Lewis Vaughn,Chris MacDonald,2016-03-01 This comprehensive and engaging introduction to the essential components of critical analysis uses a multidisciplinary approach to examine how psychological and social factors can impede clear thinking and lead to faulty reasoning. Emphasizing the importance of critical thinking to personal development and success, The Power of Critical Thinking provides students with the skills they need to engage meaningfully with the world around them - both inside and outside of the classroom.

Keeping the Republic Christine Barbour,Gerald C. Wright,2016-11-19 This refreshed and dynamic Eighth Edition of Keeping the Republic revitalizes the twin themes of power and citizenship by adding to the imperative for students to navigate competing political narratives about who should get what, and how they should get it. The exploding possibilities of the digital age make this task all the more urgent and complex. Christine Barbour and Gerald Wright, the authors of this bestseller, continue to meet students where they are in order to give them a sophisticated understanding of American politics and teach them the skills to think critically about it. The entire book has been refocused to look not just at power and citizenship but at the role that control of information and its savvy consumption play in keeping the republic.

From Critical Thinking to Argument Sylvan Barnet,Hugo Bedau,John O'Hara,2019-10-16 From Critical Thinking to Argument is a brief but thorough guide to argument at a great value. This versatile text gives students strategies for critical thinking, reading, and writing and makes argument concepts clear through its treatment of classic and modern approaches to argument, including Aristotelian, Toulmin, and Rogerian argument, as well as visual rhetoric. For today's increasingly visual learners who are challenged to separate what's real from what's not, new activities and visual flowcharts support

information literacy, and an appendix of practical Sentence Guides helps students incorporate the moves of academic writers into their own arguments. With just eighteen readings, this affordable guide can stand alone or complement an anthology.

The Critical Thinking Book Gary James Jason,2022-01-05 The Critical Thinking Book covers not only standard topics such as definitions, fallacies, and argument identification, but also other pertinent themes such as consumer choice in a market economy and political choice in a representative democracy. Interesting historical asides are included throughout, as are images, diagrams, and reflective questions. A wealth of exercises is provided, both within the text and on a supplemental website for instructors.

Power and Resistance, 7th Ed Jessica Antony,Wayne Antony,Les Samuelson,2022-06-30 Power and Resistance debunks the dominant neoliberal, hyper-individualist approach to society's problems that sees poverty as a result of laziness, environmental crises as a result of market demands for products that pollute, and Indigenous Peoples' struggles as a result of

not assimilating. We argue that it is social inequality and oppression that are the underlying causes of social problems. In a society like ours, powerful groups make choices that benefit them and force those choices onto others, creating life problems for others and society as a whole. The powerful also have influence over what is and is not called a social problem. Solving social problems requires changing the structures of inequality and oppression. For example, industrial corporate agriculture has created huge profits for a few gigantic food corporations but left much of the world hungry. But farmers and their allies are pushing back through agroecology -- an agriculture based on local, small-scale, ecologically sustainable farming that brings eaters and growers closer to one another. The seventh edition of *Power and Resistance* includes new chapters on anti-Black racism in schools, Indigenous people and mental health, food security and sovereignty, and work in the gig economy.
